

Safety Data Sheet

according to 1907/2006/EC, Article 31

Optitrol NAT CMV

Version: 1.1

Page 1/5

Last alteration on: 2021-08-18

1. Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Trade name: Optitrol NAT CMV
Article number: NT02021, NT02022

1.2 Relevant identified uses of the substance or mixture and uses advised against

In Vitro Diagnostic Use

1.3 Details of the supplier of the safety data sheet

Manufacturer/supplier

DiaMex GmbH
Siemensstrasse 38
69123 Heidelberg, Germany
Phone: +49-6221-4166-400, Fax: +49-6221-4166-490, Email: info@diamex.com

Other supplier(s)

See section 16

1.4 Emergency telephone number:

Tel.: +49-6221-4166-400 or the telephone number of your supplier in section 16

2. Hazards identification

2.1 Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008

The product is not classified according to the CLP regulation.

2.2 Label elements

Labelling according to Regulation (EC) No 1272/2008

The product does not have to be labeled according to the CLP regulation.

2.3 Other hazards

The usual precautions when handling biological material or chemicals must be taken.

This product contains human-sourced materials and should be considered potentially infectious.

3. Composition/information on ingredients

3.2 Mixtures

Chemical characterization

Mixture

Additional information

For wording of the listed hazard statements, refer to section 16.

Dangerous components

Not applicable.

4. First aid measures

4.1 Description of first aid measures

After inhalation Supply fresh air and seek medical attention
After skin contact In general the product is not irritating to the skin
After eye contact Rinse opened eye for several minutes under running water. Seek medical attention
After swallowing Seek medical attention and appropriate follow up.

4.2 Most important symptoms and effects, both acute and delayed

No relevant information available

4.3 Indication of any immediate medical attention and special treatment needed

No relevant information available

5. Fire fighting measures

5.1 Extinguishing media

Suitable extinguishing agents

CO₂, extinguishing powder, water jet or alcohol-resistant foam.

5.2 Special hazards arising from the substance or mixture

There are no unique chemical or reactivity hazards that would impact firefighting decisions due to the chemicals in this product.

5.3 Advice for firefighters

Protective equipment

Respiratory protection is normally not required.

6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Handle as a potentially infectious material.

Minimize exposure by using appropriate personal protective equipment as listed in Section 8.

6.2 Environmental precautions

Do not allow to enter sewers, surface or ground water.

6.3 Methods and material for containment and cleaning up

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

Clean the spill area carefully. Suitable cleaners are: Disinfectant, warm water and cleansing agent.

6.4 Reference to other sections

Information on safe handling: Section 7

Information on personal protection equipment: Section 8

Information on disposal: Section 13

7. Handling and storage

7.1 Precautions for safe handling

Handle as potentially infectious material. Avoid contact with skin.

Information about protection against explosions and fires

No special measures required.

7.2 Conditions for safe storage, including any incompatibilities

See label or package insert.

(Continued from page 2)

Do not store together with

No restriction.

7.3 Specific end use(s)

No relevant information available.

8. Exposure controls/personal protection

8.1 Control parameters

The product does not contain relevant quantities of substances with limit values that require monitoring at the workplace.

8.2 Exposure controls

Personal protective equipment

General protective and hygienic measures

Follow the usual hygienic and precautionary measures for handling chemicals and potentially infectious materials.

Breathing equipment

Not necessary if room is well ventilated.

Hand protection

Gloves protect the user against splashes. For safety reasons, they should be changed immediately after wetting. This product is a preparation consisting of several substances. No specific information can be given regarding permeation breakthrough time. The choice of suitable gloves depends not only on the material, but also on other quality features and must be confirmed with the respective manufacturer. Per our knowledge, disposable gloves, e.g. made of nitriles, are suitable. This recommendation is not intended to replace a suitability test, which is essential and must be performed under the respective conditions of use.

Eye protection

Safety glasses recommended when filling.

Body protection

Protective work clothing

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Form

Liquid

Colour

Yellowish

Odour

Odourless

9.2 Other information

No relevant information available.

10. Stability and reactivity

10.1 Reactivity

No relevant information available.

10.2 Chemical stability:

No decomposition if used and stored according to specifications.

10.3 Possibility of hazardous reactions

None known when used appropriately.

10.4 Conditions to avoid

No relevant information available.

10.5 Incompatible materials

No relevant information available.

10.6 Hazardous decomposition products

No dangerous decomposition products known.

11. Toxicological information

11.1 Information on toxicological effects

The product does not have to be labeled according to the CLP regulation.

When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided to us.

12. Ecological information

12.1 Toxicity

No relevant information available.

12.2 Persistence and degradability

No relevant information available.

12.3 Bioaccumulative potential

No relevant information available.

12.4 Mobility in soil

General notes

Water hazard class (German Regulation): Generally not hazardous to water.

12.5 Results of PBT and vPvB assessment

PBT: Not applicable

vPvB: Not applicable

12.6 Other adverse effects

No relevant information available.

13. Disposal considerations

13.1 Waste treatment methods

Waste disposal

Dispose of waste in accordance to applicable local or national regulations.

14. Transport information

No dangerous good according according to current regulations (ADR/RID, IMDG, IATA/ICAO).

14.1 UN number

Not applicable

14.2 Proper shipping name

Not applicable

14.3 Class

Not applicable
